Physiovet® foam

Name: Physiovet® foam 100 ml

Category: Dermatology

Target species: Dog - Cat

Presentation: foam - 100 ml

GTIN : 3664499000582

Physiovet® foam is a cleansing and revitalising foam that provides a moisturising effect through restoration of the skin's lipoprotein film. The combination of lipo-proteins and gentle cleansing bases improves the volume and sheen of the coat making it easier to brush.

In dogs and cats, this very gentle foam allows frequent washing of any type of coat.

Why recommend Physiovet® shampoo?

- A gentle, moisturising cleansing foam to care for all skin types
- A delicate almond fragrance
- A 100% recyclable single-material bottle

Use

Do not shake before use. Hold the bottle vertically with the opening facing downwards and apply brief pressure to obtain the desired amount of foam.

Apply the foam evenly over the entire dry coat. After drying, brush the coat to promote shine. Repeat the use of this shampoo according to your veterinarian's advice.

Precautions for use

Keep out of reach of children.

IF IN EYES: rinse cautiously with water for several minutes.

For veterinary use. For external use only.
