Sensiderm® Spray 300 ml

Name: Sensiderm® Spray 300 ml

Category: Skin care

Target species: Dog - Cat

Presentation: 300 ml pump-spray bottle with activation system

GTIN code: 3664499000353

Information:

A new generation of spray to moisturise and reinforce the skin barrier

Fragrance-free – Easy-to-activate pump

Sensiderm® Spray contains a combination of:

- Biomimetic lipids and algae extracts rich in biologically active silicium used to help to restore and maintain the skin's natural barrier (Skin Barrier Protect).
- Soothing active ingredients (panthenol, *Centella asiatica*).
- Moisturizing ingredients (urea, glycerin, shea butter).

Sensiderm® Spray is recommended for sensitive skin, or dehydrated skin.

Why recommend Sensiderm® Spray ?

- Innovated formula: contain Skin Barrier Protect™ technology, a dual protection to moisturise and reinforce the skin barrier in a single way.
- Respect the fragile skin with a fragrance-free formulation.
- Easy-to-use with a new pump spray: pump activation and locking system for an increased safety, 300ml volume for long-term care, micro-droplets for a good dispersion in the coat.

Use

- Cutaneous application.
- Veterinary use.
- Apply twice a week or as recommended by your veterinarian.
- It can be used in addition to Sensiderm® Shampoo.

Caution

- Avoid contact with the eyes.
- Store away from heat.
- Keep out of reach of children.
- For external use.
